

# Severe Weather Jigsaw Activity

Name: \_\_\_\_\_ Class: \_\_\_\_\_

You will be researching ONE of the types of severe weather with a group of students. Your job is to become an EXPERT in that type of weather. You must be the EXPERT because you will be responsible to teaching it to 4 OTHER students who will be taking notes on what you say! Use the Weather Wiz website links, encyclopedias, books, texts, and magazines to gather your information.

	What specific conditions <b>cause</b> this type of weather? (Draw a diagram if helpful)	What are the <b>effects</b> of this weather?
<h2>Hurricanes</h2> <p><b>Describe</b> this weather:</p>		
<h2>Tornadoes</h2> <p><b>Describe</b> this weather:</p>		

	What specific conditions <b>cause</b> this type of weather? (Draw a diagram if helpful)	What are the <b>effects</b> of this weather?
<h1 data-bbox="61 170 402 226">Sandstorms</h1> <p data-bbox="61 275 358 302"><b>Describe</b> this weather:</p>
